Northern Children's Network Inc has been providing quality care for children from birth to 12 years of age in Tasmania since 1975.

We are a non profit organisation governed by a skills based Committee of Governance.

Our Mission is to provide a network of community based care and learning that focuses on empowering children in fun and safe environments.

We offer families a range of child care options:

- Family Day Care (Statewide)
- Long Day Care
- Vacation Care
- Before/After School Care
- Careers in Child Care

All NCN services participate in the
National Quality Framework

Child Care Assistance

NCN strives to provide quality, affordable care. We welcome all families within the Invermay community to utilise our new and exciting service.

NCN also provides access to a variety of Government Benefits, through the Department of Human Services (Centrelink), to assist families with the costs of child care.

Please note that regardless of your income, you may be eligible for assistance, so please contact them on 136 150 to register and find out more.

Northern Children's Network's website ncn.org.au can provide you with enrolment forms. Alternately you can phone **NCN Reception on 6341 1555**.

*Hi and welcome to our After School Care program.
I'm Kelly Semmens,
your Program Leader*

Our Invermay After School Care program is about play and leisure combined. NCN care environments support children in discovering new skills, new ideas, how to manage behaviours manage risk taking, as a natural part of play, discovery and learning.

We expect social acceptance, tolerance of other's abilities and limitations. NCN encourages children to explore the freedom of being a child as they connect with their peers and have fun in their environment.

Our Educators are qualified and experienced with the 4 to 12 year age group. They understand that after a busy day at school it's important to relax and have some leisure time as the children recharge their 'batteries'.

NCN develops After School Care programs which are based on the children's interests. We encourage children to express their thoughts and ideas for the development of their program.
