Our Westbury After School Care program is about play and leisure combined. NCN care environments support children in discovering new skills, new ideas, how to manage behaviours manage risk taking, as a natural part of play, discovery and learning.

We expect social acceptance, tolerance of other's abilities and limitations. NCN encourages children to explore the freedom of being a child as they connect with their peers and have fun in their environment.

Our Educators are qualified and experienced with the 5 to 12 year age group. They understand that after a busy day at school it's important to relax and have some leisure time as the children recharge their 'batteries'.

NCN develops After School Care programs which are based on the children's interests. We encourage children to express their thoughts and ideas for the development of their program.

We offer your child with a variety of activities and experiences including:

- Art and Craft
- Sport
- Cooking
- Dance and Movement
- Group Games
- Outdoor Play
- Special Celebrations Days.....and more.

We also provides your child with healthy afternoon snacks.
